I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I'm not a very healthy person
x when I had my hysterectomy
I was trying vitamins after vitamins
never finding one that worked
well with my body.
I was introduced to precycle
and it's the best thing that's
ever happened.
